Fixture planning data — this plan was composed from a saved fixture, not the live model.

10 Jul – 15 Jul · 6 days · 13 stops

READY

Mammoth Lakes

Based in Mammoth Lakes · Best by car — nothing is more than 50 min from where you sleep, and a typical day has about 80 min of driving.

2 travellers

Every day fits, and nothing you chose was dropped without a reason.

THIS TRIP

6 days in Mammoth Lakes built around food and towns, scenic viewpoints, hiking — 14 places chosen from the 23 on your board.

WHERE YOU SLEEP

1	Mammoth Lakes	5 nights

SIGNATURE EXPERIENCES

The trip is built around

I · DAY 3

Inyo Craters

Two phreatic explosion craters holding milky green ponds...

II · DAY 3

Panorama Gondola

A lift to the 11,053 ft summit of Mammoth Mountain with a...

III · DAY 4

Mammoth Lakes Basin

Five alpine lakes strung together ten minutes above town...

PLANNING

The three things to do next

What the plan still needs from you.

BOOK **Book somewhere to sleep: Mammoth Lakes** →
The nights at this base depend on it.

BOOK **Book rental car for the whole trip** →
382 km of the plan is driven; nothing else reaches the far stops.

PREPARE **Passport validity** →
Tell Sidequest the month your passport expires and it will flag a renewal in time. Many countries require validity well beyond your return date; the exact rule is the destination's.

No basemap here — the marks and lines are what is known.

+ Why it is shaped this way the route, the dates, how you get around and what to watch –

One base in Mammoth Lakes; each day's stops are grouped so you are not crossing back and forth.

Planned by Sidequest from 23 places on your Discovery Board — 14 Sidequest picked.

THE DECISIONS BEHIND THE DAYS

ONE BASE FOR THE WHOLE TRIP

Mammoth Lakes (5 nights)

Why this?

One base in Mammoth Lakes; each day's stops are grouped so you are not crossing back and forth.

What you told Sidequest

6 days in Mammoth Lakes built around food and towns, scenic viewpoints, hiking — 14 places chosen from the 23 on your board.

Hotel changes	0	Travel per day	1 h 25 min
Driven	382 km		

Also considered

Little Lakes Valley — You already have as much of this kind of thing as you asked for.

Tioga Pass & Tuolumne Meadows — Too far from the rest of that day.

Alabama Hills — 270 min of driving round trip is past the 150 min at the wheel you said you would accept in a day.

Wild Willy's Hot Spring — The approach is unpaved, which you said you would rather avoid.

Bishop — You already have as much of this kind of thing as you asked for.

Manzanar National Historic Site — 190 min of driving round trip is past the 150 min at the wheel you said you would accept in a day.

GETTING AROUND BY DRIVE

A car: stops sit up to 50 minutes from where you sleep, and a typical day has about 80 minutes of driving against your 150-minute limit.

Why this?

Stays, travel & food

Where you sleep, how you get around, what you eat and what it costs.

Where to stay

One base for the whole trip: unpack once.

ROUTE	BASES	NIGHTS	HOTEL CHANGES	NIGHTS PER BASE
One base	1	5	0	5

01

DAYS 1–6

Mammoth Lakes

Whatever fits · mid-range

5 nights

The only town in the region with a full range of places to stay, and the point every road out of the corridor returns to.

☐ NOT BOOKED YET

+ Parking at the door is worth more than a central address on this plan.

– Early starts from this base — breakfast before the usual hour matters.

Sidequest recommends the area to stay in rather than a named hotel. Prices and availability are yours to check.

Getting around

Best by car — nothing is more than 50 min from where you sleep, and a typical day has about 80 min of driving.

Drive · plus walk · Some long legs · Some legwork

AT THE WHEEL	ROAD DISTANCE
8 hr 15 min	382 km

WHY THIS WAY

A car: stops sit up to 50 minutes from where you sleep, and a typical day has about 80 minutes of driving against your 150-minute limit.

Parking	Parking has not been verified for this plan; check at each stop.
Public transport	Public-transport journeys were not measured for this plan.

Seasonal limits

Several approach roads here are on the Caltrans District 9 winter closure list and reopen on the snowpack, not on a date.

18 of 19 travel legs were measured by modelled road data; 1 carry Sidequest's own estimate from map distance. Base transfers were checked against your 150-minute daily limit where measured.

IN · ARRIVING

TIME UNKNOWN

No arrival time is known, so the first day is planned as a quiet evening.

Bags, immigration if international (estimate)	60 min
Rental desk and pickup (estimate)	30 min
Transfer to base — not measured; 45 min assumed	

OUT · LEAVING

TIME UNKNOWN

No departure time is known, so the last day ends early by default.

Check-in (estimate)	150 min
Return the car and refuel (estimate)	30 min
Transfer from base — not measured; 45 min assumed	

The transfers that shape the days

—— measured - - - estimated ▪▪▪▪ not timed

DAY 06	Mammoth Lakes → Mono Lake South Tufa	DRIVE	50 min	—— measured static
DAY 06	Mono Lake South Tufa → Mammoth Lakes	DRIVE	50 min	—— measured static

This plan moves by walk, car. Modes the road router cannot time (flights, boats, guide transfers) are kept as plausible legs with no measured duration, never marked impossible.

Eating

Meals follow the route.

You said good local meals near the route, no detours.

MEALS MEANT TO BE AN EVENT	DAYS YOU PICK YOURSELF
0 of 1	6

Worth ordering: **Homemade pies.**

7 meals name a venue from the region's own food data (20 on record); the rest follow the composed draft. We have not checked today whether any is open, and nothing has been booked.

Across the days

■ worth the trip ☐ fuel ⬚ not planned

DAY	BREAKFAST	LUNCH	DINNER	ALSO
01	⬚ –	⬚ –	☐ Local specialty Mammoth Brewing Company	
02 SPECIAL	⬚ –	⬚ –	■ The special one Roberto's Cafe	
03 REMOTE	⬚ –	☐ Convenient June Lake Brewing	☐ Convenient Tiger Bar & Cafe	• Carry water and snacks; refill where you can.
04 REMOTE	☐ Quick, before the activity	☐ Recovery meal The Stove	☐ Convenient Mammoth Brewing Company	• Carry water and snacks; refill where you can.
05 REMOTE	⬚ –	☐ Packed lunch	☐ Convenient Roberto's Cafe	• Buy lunch and snacks the evening before or at the first shop of the day. • Carry water and snacks; refill where you can.
06	☐ Quick, before the activity	⬚ –	⬚ –	

7 meals name a place.

Budget

Ranges, not quotes. Sidequest did not look up a single price for this trip; the bands come from your spending style, the shape of the plan and the destination's published price level.

ESTIMATED TOTAL

USD 1,468–3,116

for 2 travellers — a range, not a quote

Scaled to the destination's price level: 1.00× the United States (World Bank household consumption price level, 2024). Lodging, food, local transport, activities and entry, guides and operated experiences, permits, everyday extras are scaled; car hire and fuel, flights, trains and ferries between regions, cruises, insurance are not. A national average is a proxy: prices aimed at visitors often sit above it, most of all where the country is inexpensive.

■ for the party ☐ per person

Where you sleep — 450–950 for the party

5 nights × one room at a midrange band · excludes city taxes, resort fees

Food — 280–580 per person

6 days of everyday meals at a midrange band, plus one meal worth booking · excludes alcohol beyond a drink with dinner

Activities and entry — 15–45 per person

1 stop that usually charge entry · excludes optional extras, audio guides

Car: fuel, tolls, parking — 368–736 for the party

6 rental days plus fuel for about 382 km of measured driving · excludes tolls, parking, one-way fees, full excess cover

Everything else — 30–90 per person

A small daily allowance for the unplanned

SAVE HERE

SPEND HERE

Casual lunches most days	One dinner worth booking
Lodging: location over luxury	

Figures are in US dollars.

Everything to arrange, with what is booked and what it cost, is on Book.

Bookings

Everything this trip needs arranged, by kind, with what you have already booked. The same list as Book first, in a different order.

What you have booked

A booked fact is stronger than anything the plan proposed. Sidequest schedules around it and never moves it.

Nothing yet.

BEFORE YOU GO

10 things to do before you go

Leaves 10 July, in about 8 months.

0 of 10 done · 0 of 17 packed

Before you book 0/4

Arrange these first; the rest of the trip hangs on them.

- ○ **Lodging: 5 nights in Mammoth Lakes** — Arrange →
  The first night anchors the arrival day.
- ○ **Car: Rental car for the whole trip** — Arrange →
  382 km of the plan is driven; nothing else reaches the far stops.

If you're coming from abroad, check the entry rules for the United States

Passport validity, a visa or travel authorisation, and any health-entry rules all depend on your passport. If you live there, skip this.

IATA Travel Centre — passport, visa and health requirements (https://www.iatatravelcentre.com/)

World Health Organization — International travel and health (https://www.who.int/travel-advice)

More

Sidequest does not know your citizenship and will not guess it. Add

it below and this becomes a specific list. The United States uses type A/B sockets at 120 V.

Rental car: check licence rules and the excess

If your licence is from outside the United States, confirm whether you need an International Driving Permit. Rental desks set their own age rules and excess.

IATA Travel Centre — passport, visa and health requirements (https://www.iatatravelcentre.com/)

One to two weeks before

0/3

Things that change: weather, hours, cover.

Check the forecast for the weather-sensitive days

Day 2, Day 3, Day 4 and 1 more depend on the weather. A backup already sits on each.

Re-check hours, closures and conditions

Venue hours and park access; transport operations; traffic on the big drives.

Check your travel insurance

Check your usual cover applies away from home, for cancellations as well as medical care — and arrange travel medical insurance if you are coming from abroad.

More

This plan includes strenuous hiking, water activity, remote areas. Many policies exclude these unless added.

Pack

0/17

Only what this trip asks for. Weather items come from the climate record, not a forecast. Re-check the week before.

Install and download

0/3

Set these up before you land.

Download offline maps

Parts of this trip have no signal; keep the maps and this plan offline.

Save this trip offline on your phone

The days and your bookings then open without signal.

Save 911 and each night's address

911 is the emergency number in the United States. Keep it on your phone and on paper.

Your country's embassy or consulate (foreign-affairs listing) (https://www.iatatravelcentre.com/)

Know before you go

Money	The United States uses the USD. Tell your bank you are travelling, and carry some USD cash for small places and rural stops.
Driving	Traffic drives on the right in the United States.
Seasonal road or route limit	Several approach roads here are on the Caltrans District 9 winter closure list and reopen on the snowpack, not on a date.
Remote sections	Tell someone your route for the remote days, carry water and a charged phone, and do not count on signal.

REFERENCE · FOLDED

Good to know the fallback for each day, what to re-check, and the evidence behind the plan

Backups

Plan A is the day as written. Each day carries its own fallback, the stops that can move, and the moment to decide.

Day 1 · Arrive and settle in — The Village at Mammoth

If anything that runs late or closes: Keep this afternoon flexible. (proposed, not verified)

A closed door: hours or season not confirmed for at least one stop.
Transport: 1 leg nobody could time.
Late arrival: everything today is optional.

Day 2 · Convict Lake & McGee Creek Canyon

If rain or strong wind on day 2: Bishop (town and food), close to where you are staying (proposed, not verified)

Bad weather: Convict Lake, McGee Creek Canyon and more depend on it.

Decide the evening before, on the latest forecast.

Day 3 · Inyo Craters & Panorama Gondola, Minaret Vista at sunset

If anything that runs late or closes: Keep this afternoon flexible. (proposed, not verified)

Bad weather: Inyo Craters, Panorama Gondola and more depend on it.
Fatigue: drop the last stop, not the first.

Decide the evening before, on the latest forecast.

Day 4 · Mammoth Lakes Basin & Sherwin Lakes Trail

If anything that runs late or closes: Keep this afternoon flexible. (proposed, not verified)

Bad weather: Mammoth Lakes Basin, Sherwin Lakes Trail and more depend on it.
Fatigue: drop the last stop, not the first.

Decide the evening before, on the latest forecast.

Day 5 · Devils Postpile National Monument & Rainbow Falls

If anything that runs late or closes: Keep this afternoon flexible. (proposed, not verified)

Bad weather: Devils Postpile National Monument, Rainbow Falls depend on it.

Decide the evening before, on the latest forecast.

Day 6 · Departure day

If anything that runs late or closes: Keep this afternoon flexible. (proposed, not verified)

Bad weather: Mono Lake South Tufa depend on it.

Decide on the morning, from the window.

Before you commit

Every day can be done as written.

Look again nearer the date

Entry rules, visas and health requirements	30–60 days out
Venue hours and park access	A week out
Weather forecast for your dates	A week out
Transport operations	A week out

Weather	24–48 hours out
Traffic on the big drives	24–48 hours out
Traffic, transit and disruptions	On the day

How solid this plan is

What Sidequest checked, what to look at again nearer the date, and what it is still working out.

12

Confirmed

1 transfer still needs checking. 6 things are worth a second look nearer the date.

When to look again

Nothing needs re-checking yet; the first window opens 60 days before you go.

30–60 days out **Entry rules, visas and health requirements** — Read the official source yourself

Regulations change without notice; read the official source again once you are inside the booking window.

A week out **Venue hours and park access** — Sidequest can re-read this

Hours were read when the plan was built; holidays and off-season closures land a week out.

Official source (https://www.fs.usda.gov/r05/inyo/recreation/hot-creek-geologic-site)

A week out **Weather forecast for your dates** — Sidequest can re-read this

The first real forecast for your dates arrives about a week out.

A week out **Transport operations** — Sidequest can re-read this

Engineering works and cancellations are announced days ahead.

24–48 hours out **Weather** — Sidequest can re-read this

Forecasts inside 48 hours are the ones to plan a day on.

24–48 hours out **Traffic on the big drives** — Read the official source yourself

Traffic-aware timing only means something this close to departure.

On the day **Traffic, transit and disruptions** — Sidequest can re-read this

Where the source allows it, this can run automatically on the day.

Places to check before you rely on them

Day 1 · The Village at Mammoth — Hours not published — not the same as closed
